

Heal on Beale In Memphis

Target Audience

Wound Care Practitioners, Staff Nurses, Treatment Nurses, Wound Specialists, Home Health Nurses providing wound care, Physical Therapists, Physical Therapy Assistants, Nurse Practitioners, Case Managers, Social Workers, Registered Dietitians, Administrators, Physicians including Internal Medicine, Family Practice, Podiatrists, Gerontologists and Dermatologists

Learning Objectives

Upon completion of this symposium, participants should be better able to:

Describe at least three examples of evidence-based practice and multidisciplinary (integrative) approaches which could enhance outcomes in various health care settings.

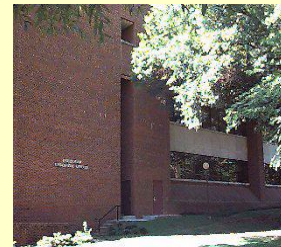

- Apply basic to advanced concepts in the science of wound healing to the learner's practice in preventing and managing wounds.
- Discuss how to integrate evidence-based practice into your current clinical practice.
- Describe at least three advances in theoretical and clinical knowledge impacting individuals affected by wound, ostomy or continence issues.

Continuing Education Units:

Nursing: "Methodist Le Bonheur Healthcare is an approved provider of continuing nursing education by the Tennessee Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation"

Physical Therapy: "Course is pending CEU approval by TPTA. Once approved, we will provide the approval number to participants."

Total CEU's Available: 11.5 Hours

8 & 9 April 2011
Friday and Saturday
The Fogelman Executive
Conference Center
& Hotel
Memphis, Tennessee

Presented by:

The Memphis Area Wound, Ostomy, and Continence Nurses

This conference brings together nationally and internationally known wound care experts to examine the latest advances in direct patient care. Lectures will include a comprehensive discussion on pressure ulcers, evidence-based research, advanced therapies, and surgical interventions. The goal of this conference is to allow our regional experts a forum to share knowledge, as well as to gain exposure to a growing evidence-based body of knowledge and to increase the clinical practice of each participant.

Corporate Sponsor:
Methodist Le Bonheur Healthcare
